Who is Jon?

Who is Jon?

Jon is a 15 year old who codes on the game

garry’s mod

He made a server called

Jon’s Homigrad

Jon’s Homigrad is another homicide-like server that uses Harrison’s Homigrad as its base.

The server is fine on its own, but Jon will soon become a **Horrible** person for what he will do

in the future.

John's experience with Jon

hi, sorry for the bad grammar and lack of proper capital letters etc

We are gonna go over this in order from mild to worst. **Make sure to read slowly.**

8th of july 2025
Everything was fine until then and it actually became better when I first talked to him, it's all normal. So many personal talks i had with him but he managed to fuck it all up. Little advice for people in online relationships, it's not real and the love between you two as of currently might even end the same way mine did.
An almost universal experience.

PRESENT DAY

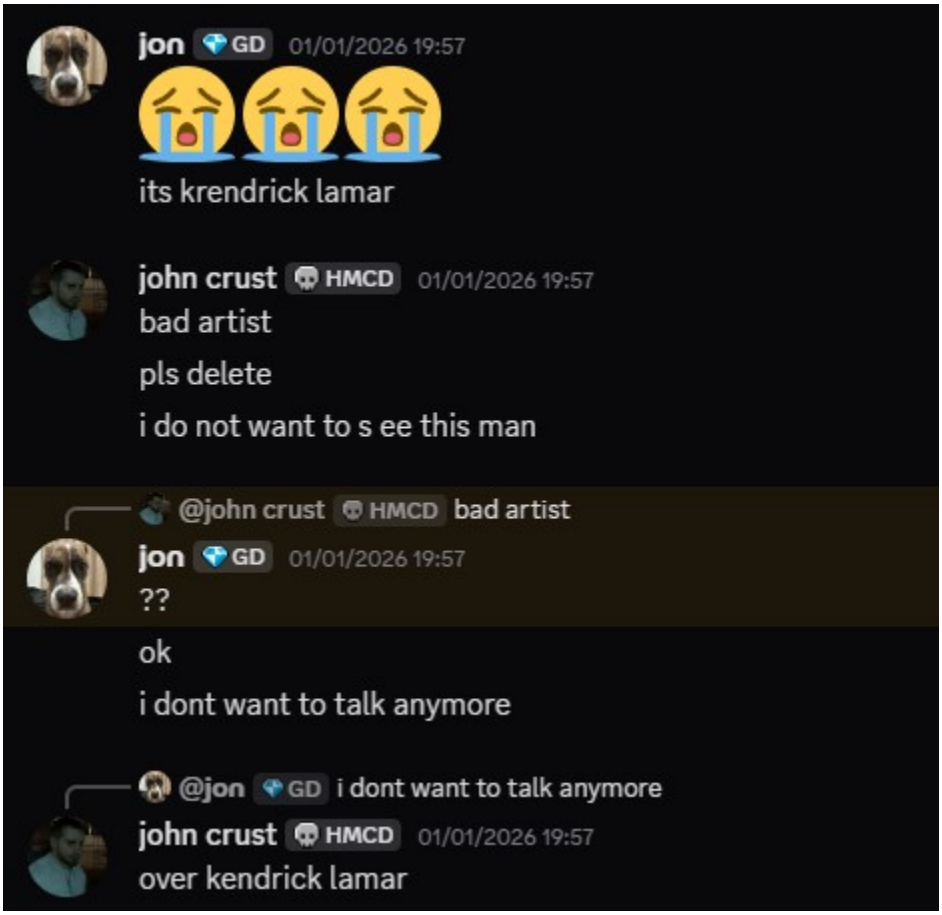
Quick warning before I show you people this, I'm not gonna listen to any messages about jon being in the right if I end up wording all of this wrong. I suck at explaining. All stuff underlined should be taken with a grain of salt as there are a lot of arguments to back it up. We will be going from the mild stuff all the way to the maximum.

Recently I have cut contact with the guy, being on both crows and jons side was too overwhelming considering he would constantly brag about shit to do with leaking crows build or having access to pluvbot. He was also overall horrible to me and is extremely perverted.

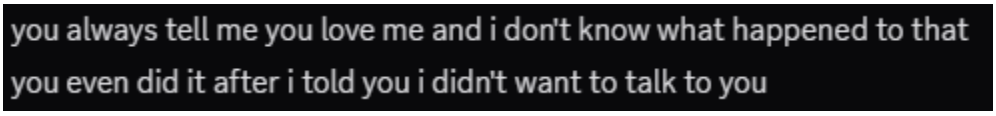
Mild

https://medal.tv/games/garrys-mod/clips/lhZ1rODHjZG-UYaz3?invite=cr-MSxvVEcsMTgwOTkwODk2&v=9

Guy was saying this to his own partner bruh, genuine bum but its in mild for a reason



Over kendrick bro…
He went on to talk about how it was a joke and he didnt actually wanna stop talking to me but then said this afterwards?

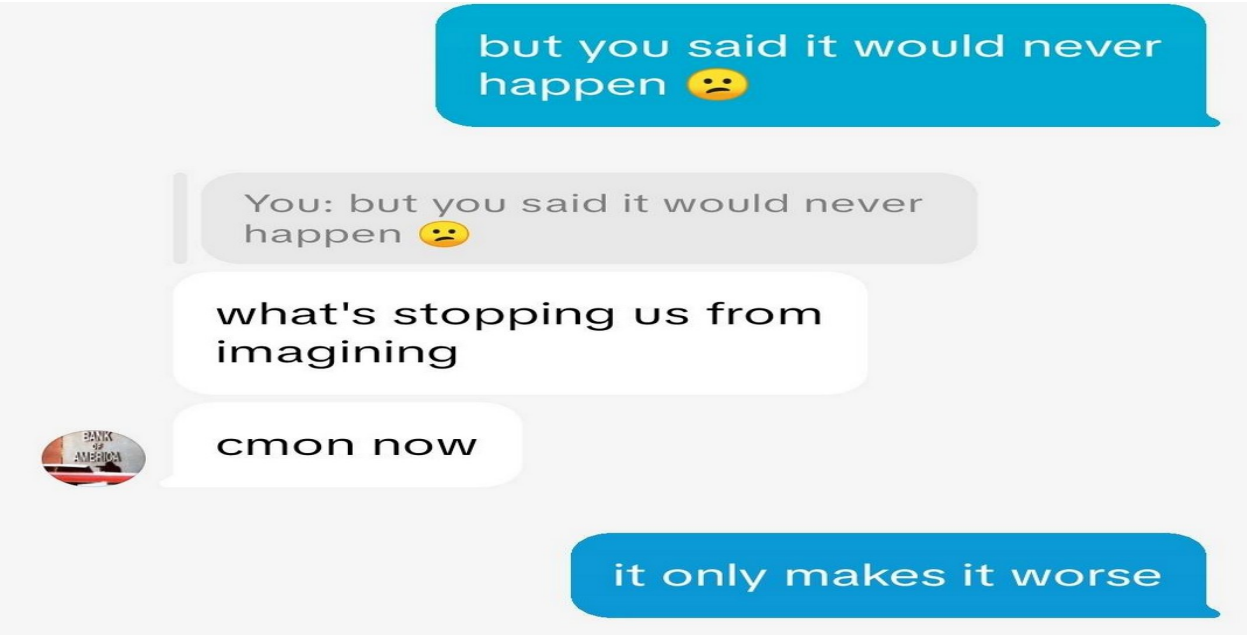


A little weird…

Lets dive in a little more

Picture taken from crows stream. Low quality.

On second thoughts this deserves to go on maximum, you wanna know what that picture is?

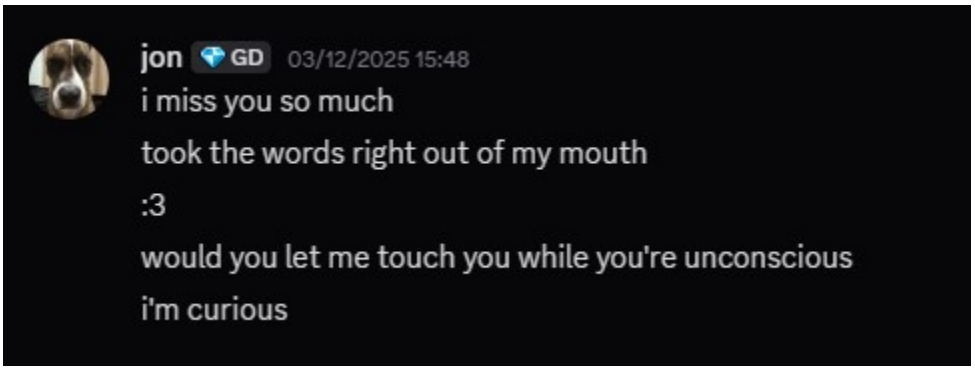


Context was a bit dirty, which is why I can't entirely blame Jon for all of the sexual comments.

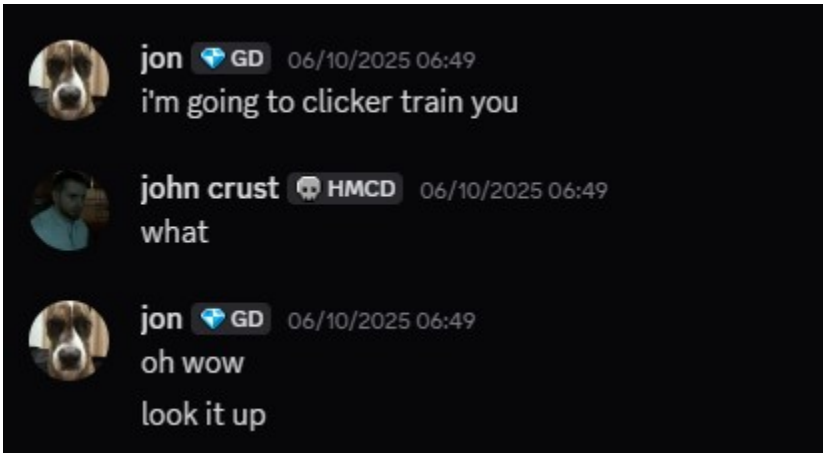
Hi, CROW here, I would like to say that John is probably dead asleep or hanging out with friends. I will be taking over for the next few pages.

EXTREME

I do give a warning that beyond this text is some horrible shit.



This one is so fucking bad..
Genuinely..

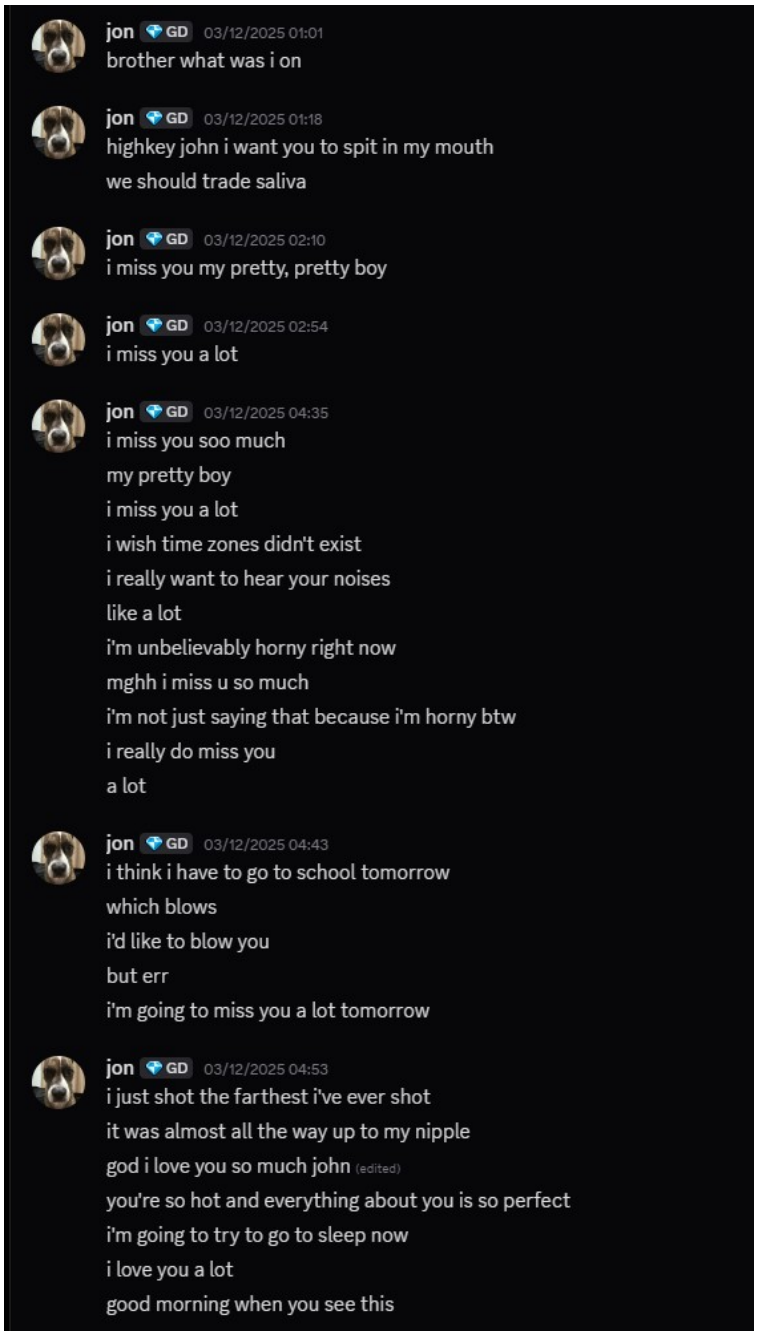


I will explain what **clicker training** is from a google search.

> Clicker training is a positive reinforcement method used to teach animals, including dogs, cats, and other pets, new behaviors through the use of a small device that produces a distinct clicking sound. The clicker acts as a bridging stimulus in operant conditioning, marking the exact moment a desired behavior occurs, which is then followed by a reward such as a treat, praise, or toy.

That has to be a **fetish**.

This one is so bad it could obviously **SHATTER** his reputation 6 times over.



WHATT?!?!?!?!

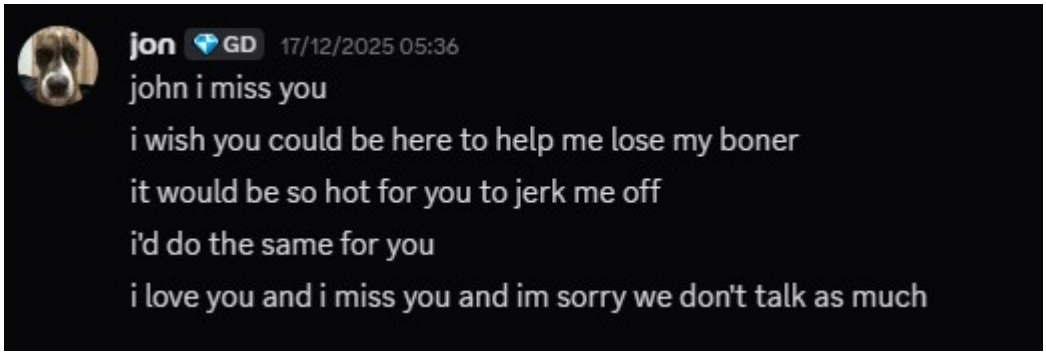
HE LITERALLY SAID HE SHOT THE FARTHEST HE COULD??? DID HE FUCKING CUM???? AND HE EVEN SAID HE WAS ALMOST UP TO HIS NIPPLE…

This is just disgusting dude.

He wants to BLOW JOHN???

AND HE WANTS TO HEAR HIS NOISES??
HE EVEN POINTS OUT HE'S HORNY.
AND ONTOP OF ALL THAT, HE SAID
HE WANTS TO TRADE SALIVA WITH JOHN…

This next one is also insanely bad too.



????

What he means by "ill do it to your face"
Is him jerking off to his FACE??!?

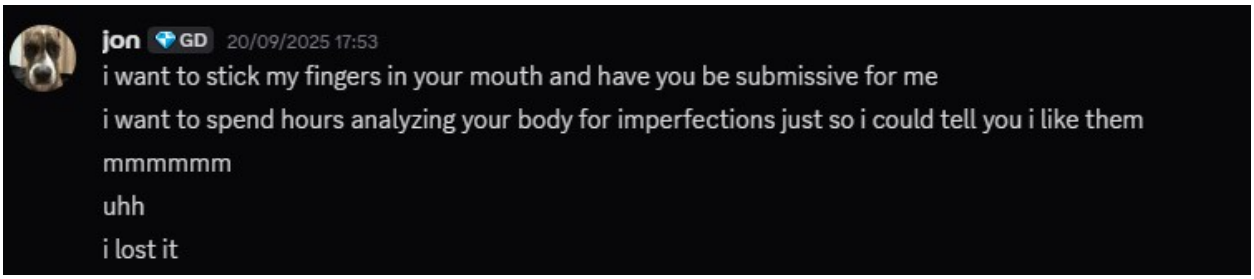
And when John told him to stop, he said this

(note from john, i said “this needs to stop” in total 4 TIMES!)

WHAT?? HE LITERALLY SAID WHAT DO I DO IT TO THEN, HE SAID NO. NO is NO.

WHAT?!?!?!?
HUHHHH

Oh my god BRUH….



Now this one is just fucking disgusting. What the hell is this **jon**. **Explain yourself** Please for the love of god **Explain** why you did this and why you kept going with it.

I have one final image to show you, It is graphic.

It’s a cumstain btw

Aftermath

After all of the drama and the beginning of the making of this doc i got a text from this same small ankled simpleton telling me to eat shit because i kicked him out of a friend server… ON THE MESSENGER APP LMAO
I unfortunately dont have the messages anymore because on my messenger the dms get deleted once you block a person so…
Although i do have some discord messages because i got tired of using fuckass messenger, take a look.

Intentionally pissing me off

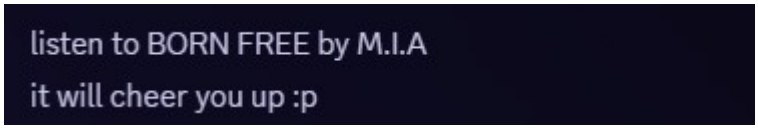
CROW'S experience with Jon

Hello, crow here. I will explain what Jon did to me.

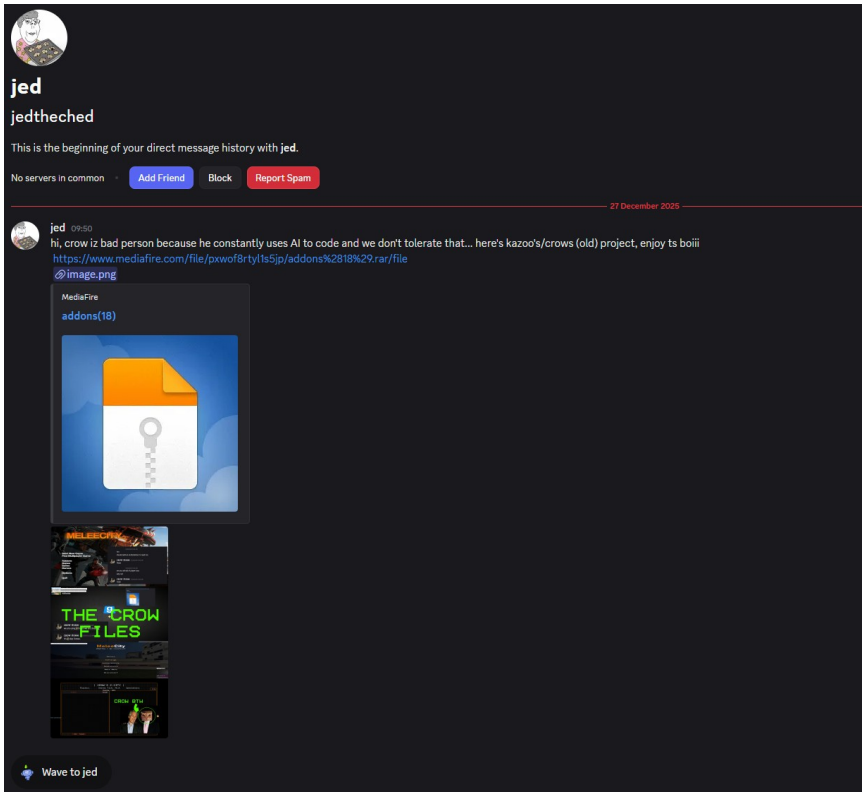
Jon one day said that he would invite Mr Point if his message got 5 reactions, I was retarded af back then and I said “Do it, Do it! Or you are BANNED.” and he actually did invite Mr Point to my server.
I was pretty scared of what would happen to my server if THE mr point joined.
I told jon to delete that message and he probably said “I listened to you and did what you asked”
I threatened him that I would ban him, and he said “i have your codebase”, i did not believe him.
I told him to “GLua steal it since you don’t have the full build”
He sent my build 3 times to make sure I would be slow in deleting it.

You would probably understand i was fucking mad and really pissed at jon.
This fucking cunt has the audacity to say this



Smh bro…

I was so sad at the time too because i got my shit leaked AND dude is fucking flexing on my grave, My server got more players than his stinky dogshit homigrad.
This dude genuinely sent people the build and said I'm a loser for using AI to script some of my features.



Simply at a loss for words.

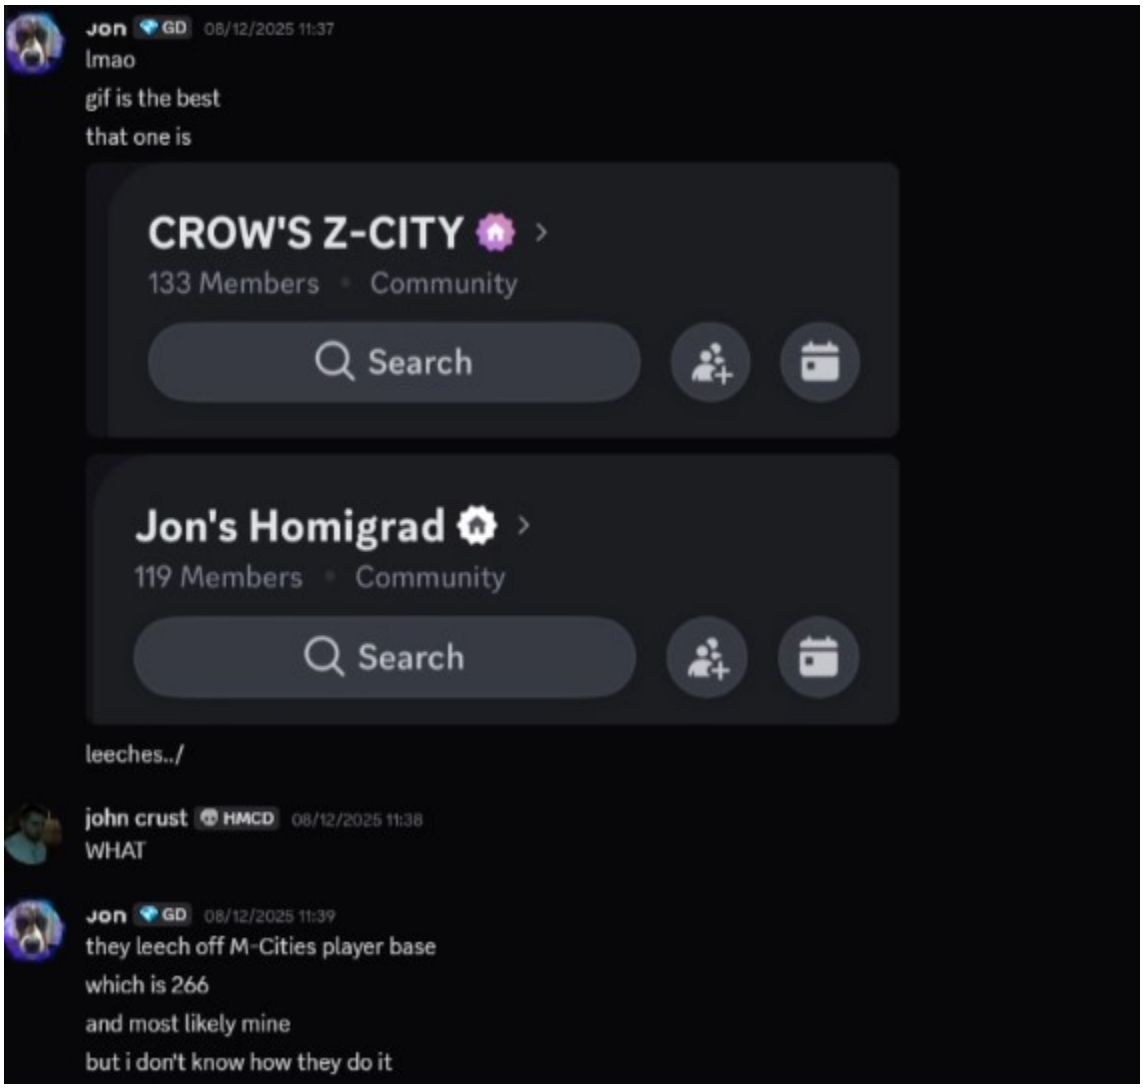
This dude has also made “the crow files” which is pretty much me saying “i love ai”

which is true.

It’s funny how he uses the fact i love ai in this, AND THIS DUDE HAS THE AUDACITY TO COMPARE ME TO FUCKING TRUMP?!?!???? YOU WILL UNDERSTAND HOW BAD HE IS IN JOHNS EXPERIENCE WITH HIM LOL????

He’s just a disgusting person who doesn’t deserve to have the internet nor have anything regarding social media.

I hate this guy with a burning passion, I hope his server dies.



Jon whining about how i surpassed him in members and assuming im dm advertising.
Also Hai Nathan Symonds.
